Work permit: Student residence permit, 20 h/week · **Availability:** Working student now, full-time from 02/2027

PROFESSIONAL SUMMARY

Accountant with more than six years in finance and accounting, the last two and a half in Record-to-Report (R2R) for Telstra, the Australian telecommunications group, first at IBM and then at Infosys. That work covered general ledger, month-end close, account and intercompany reconciliation, currency revaluation and tax provisioning under IFRS, on SAP S/4HANA and Blackline. Currently completing an MBA in Berlin.

CORE SKILLS

Accounting and close: Record-to-Report (R2R), accounting under IFRS, general ledger, month-end close, account reconciliation, intercompany reconciliation, balance sheet reconciliation, open-item and Blackline reconciliations, flux (variance) analysis, journal entries, currency revaluation, financial statements.

Tax and compliance: Tax provisioning, statutory audit support (half-yearly and annual), GST returns (India), GST reconciliations (Singapore), income tax filings, ROC (Registrar of Companies) compliance, incorporation and post-incorporation compliance.

Reporting and analysis: Management reporting, cash flow analysis, balance sheet review commentary, purchase order analysis, SQL-based data extraction and validation, SLA and KPI tracking.

Systems: SAP S/4HANA, Blackline, JET, Tally ERP9, Salesforce, Workday, Microsoft Power Apps, Oracle, SQL, MS Excel (linked workbooks, macros), Power BI (basic).

PROFESSIONAL EXPERIENCE

Process Specialist (Record-to-Report)

06/2024 - 09/2025

Infosys, Bangalore, India

Client account: Telstra (Australian telecommunications group). Record-to-Report process after the account moved from IBM.

- Managed the Record-to-Report process for six Telstra entities within its SLA and compliance requirements.
- Reconciled about 63 general ledger accounts a month in Blackline, plus open-item and intercompany account reconciliations.
- Computed tax and booked the tax provisions in line with statutory requirements.
- Wrote balance sheet review commentary and cash flow analysis for management reporting.
- Supported the auditors during half-yearly and annual statutory audits.
- Received the Individual Extra Miler Award.

Senior Practitioner - Finance and Administration Delivery

04/2023 - 06/2024

IBM, Bangalore, India

Client account: Telstra (Australian telecommunications group), general ledger and R2R work before the account moved to Infosys.

- Posted journal entries in the JET tool as part of the Record-to-Report process.
- Ran flux (variance) analysis on income statement items every month and on balance sheet items every quarter.
- Prepared Goods and Services Tax (GST, a value-added tax) reconciliations for the Singapore region and submitted them by working day 18 against a working day 20 deadline.

- Scheduled currency revaluation and translation during month-end close and checked the error reports it produced.
- Reviewed leading and non-leading ledgers and fixed data mismatches between them.
- Trained six people during the handover to Infosys, covering tax, general ledger, banking, COGS, revenue and accounts payable.

Content Analyst

08/2021 - 11/2022

London Stock Exchange Group (LSEG), Bangalore, India

Financial data content and database work for global markets clients, delivered to SLA requirements.

- Sourced financial data from global markets and updated internal databases to meet set deadlines.
- Tracked newly listed and IPO companies for client reporting and removed inaccurate records when stakeholders flagged them.
- Wrote SQL queries to extract metadata and checked the results for accuracy.
- Took part in automation projects, including bots for repeated steps, that cut manual work by about 30%.
- Confirmed after three months of a six-month probation for meeting accuracy and timeliness targets at 100%.

Audit & Compliance Associate

01/2019 - 08/2021

Zeikin Consultancy Services, Bangalore, India

Audit, tax and company-secretarial compliance. Handled 24 private companies, including the firm's largest clients, and 10 individual and partnership clients.

- Filed monthly and annual GST returns for individuals and organisations.
- Managed income tax filings for individuals, firms and private companies, and kept ROC filings and statutory forms up to date.
- Handled incorporation and post-incorporation compliance work for private companies being set up.
- Prepared financial statements for private companies, individuals and partnership firms, and kept their books on Tally ERP9.
- Mapped the compliance process as a step-by-step flow, which cut duplicated and repeated steps by about 25%.
